Texas A&M University

Flow Cytometry and Cell Sorting Facility

Form associated with:
Reservation on BD Fortessa X-20 at Flow Cytometry and Cell Sorting Facility
Start: Mon, 10 Feb 2025 at 05:00 PM
End: Mon, 10 Feb 2025 at 06:00 PM
Owner: Robbie Moore (West, Laura (TAMU) Lab)
Equipment: BD Fortessa X-20
Availability Type: Fortessa Assisted Analysis $50.00/hr

Fortessa Request Form

User Information

* **PI Name:**

* **User Name:**

* **Department**

Service

* **Service Requested**

* **HTS Plate Loader Option**

Briefly describe the application of your experiment, fluorescent parameters used, controls, primary or cultured cells, cell size, and any special considerations

Biosafety Risk Factors

* **Biohazard Level**

* **Source of Cells**

* **Are your samples fixed?**

* **Do your samples contain recombinant or synthetic nucleic acids, viral vectors or exogenous genes?**

* **Are cells infected?**

Agreement
Agreement

I have read and agree to comply with the policies of the FCCSF regarding training and access, instrument scheduling, sample handling, biosafety, and user fees. I understand that failure to follow the policies of the FCCSF may result in loss or cancellation of scheduled time with charges, interruption of sample run, penalty charges, revocation of access privileges, and/or reporting to appropriate TAMU safety compliance offices.
